

# Product Line Sheet

## Automation & Controls

- PLC Interface-Touch Screens
- HMI Software
- OPC/DDE Drivers

### OPTO 22

Automation made simple.

- Programmable Automation Controllers
- I/O Modules
- Solid State Relays

- SensoRAD - Wireless Signal Conditioning

## Flow Products

- Glass & Metal Tube- Variable Area Flowmeters

- UltraSonic Clamp on Meters

- Inline Process Density and Viscosity Monitoring

- Invalco Liquid & Gas Turbine Meters
- Positive Displacement Meters

- Precision & Digital Turbine Meters
- Positive Displacement Meters

- Magnetic
- Coriolis
- Ultrasonic
- Vortex Meters

- Flow Computers
- Batch/Blending Controllers

- Thermal Differential Flow Switches

- Thermal Mass Flow Meters for GAS
- In-Situ Calibration Check

- Piston and Rotary Positive Displacement Flow Meters

## Flow Provers

- Small Volume Flow Provers
- Portable and Fixed Installations

## Level Products

- Float
- Capacitance
- Ultrasonic Level Controls

- Radar & Servo Tank Level Gauging

- Radar level controls
- Liquid level gauges & Indicators

- Thermal Differential Level Switches

## Pressure and Temperature Instruments

- Pressure Transmitters • Gauges • Thermometers

## Analytical Instruments

- BS&W Monitors

- Percent Concentration

- Sanitary and Process lights • Sight Glass • Sight Flow Indicators

- Dew Point • Oxygen • Humidity Specialists

## Fire & Gas Detection and Safety Systems

- Allestec Corp • Safety Controls • Fire & Gas Annunciator Panels

- Hazardous & Toxic Gas Monitors • Infrared • Catalytic

- Optical Flame Detectors • UV • UV/IR • Multiple Spectrum

## Control Valves and Regulators

- SVF - V-Ball • Dribble Control

- Regulating • Pressure Reducing • Back Pressure • Cryogenic

## Filtration

- Cummins Liquid & Air Filtration • Emissions Solutions

- Liquid • Strainers • Coalescers • Oil Conditioning Systems

<b>Pumps</b>	
	<ul style="list-style-type: none"> <li>• Centrifugal Pumps</li> <li>• ANSI</li> <li>• API</li> <li>• Hot Oil</li> <li>• High Temperature</li> </ul>
	<ul style="list-style-type: none"> <li>• Metering Pumps</li> <li>• Diaphragm</li> <li>• AOD's</li> <li>• Skid Metering Pkgs</li> </ul>
	<ul style="list-style-type: none"> <li>• Milflo Diaphragm Metering Pump</li> <li>• Non-Seal Canned Motor Pump</li> </ul>
<b>Specialty Valves/Automation and Piping Components</b>	
	<ul style="list-style-type: none"> <li>• O Seal Valves and fittings</li> </ul>
	<ul style="list-style-type: none"> <li>• FMC Flowline Plug Valves</li> <li>• Weco Unions</li> </ul>
	<ul style="list-style-type: none"> <li>• Rotary and Ball Joints</li> </ul>
	<ul style="list-style-type: none"> <li>• Ball Vaves</li> <li>• Actuators</li> </ul>
	<ul style="list-style-type: none"> <li>• Strainers</li> </ul>
	<ul style="list-style-type: none"> <li>• Steam Traps</li> </ul>
	<ul style="list-style-type: none"> <li>• Multiport Rotor Valves</li> </ul>
	<ul style="list-style-type: none"> <li>• Ball Vaves</li> <li>• Actuators</li> </ul>
	<ul style="list-style-type: none"> <li>• Specialty Knife Gate</li> <li>• Butterfly Valves</li> </ul>

## Loading & Delivery Systems

**CIVAICON**

- Rack Monitors • Ground Verification-Overfill

**EMCO WHEATON  
DRUM**  
A Gardner Denver Company

- API Couplers • Swivel Joints

**Honeywell Enraf**

- Load Computers • Additive Injection Systems

**FMC Technologies**

- Swivel Joints

**OPW** Engineered Systems

- Loading Arms

## Fabricated Systems

*Allesco offers full turnkey project based support including design drawings, project management, start-up and commissioning of metering skids, loading racks and other engineered packages.*

**Some products not represented in all locations**
